FACULTY OF SCIENCE

We hereby certify that

Minrui Ren

born on 16 October 1995

having passed the examination in

Biology

was admitted to the degree of

Master of Science.

Leiden, 30 August 2022

The board of examiners

A blue ink signature, likely of the chair of the board of examiners.

<i>Name of qualification and title conferred</i>	Biology Master of Science
---	--------------------------------------

The programme was accredited on 31 August 2016 by the Netherlands-Vlaamse Accreditatieorganisatie / Accreditation Organisation of the Netherlands and Flanders.

Components of the programme

Portugal Conservation Field Course
Orientation on Molecular Genetics and Biotechnology
Basic Statistics for MSc Students
Genomic Architecture
Bird Species in Animal Experimentation
Science and the Public: Contemporary and Historical Perspectives
Mechanisms of Disease
Animal Cognition
Advanced Statistics
Top Lectures in Biology
Book Exam
Literature Review, Microbial Biotechnology, Institute of Biology Leiden: Metabolism in Paracoccus denitrificans
Advanced Academic Skills Elite course
Research Project 1: Research project title Establishing SIBR-Cas in Alphaproteobacteria and investigating the ethylene glycol (EG) oxidation pathway in Paracoccus denitrificans

FACULTAS MATHEMATICAE SCIENTIARUMQUE NATURALIUM

Auctoritate probatorum collegii ornatissima

Minrui Ren

die XVI mensis Octobris anni MCMXCV nata,

ut quae cursum studiorum praescriptum persecuta interrogantibus in probatione rite satisfecerit, ad gradum

magistri in scientia,

comparatum in

biologia

admissa est.

Quo facto ius adepta est summos honores academicos petendi.

Datum Lugduni Batavorum, die XXX mensis Augusti anni MMXXII.

Pro probatorum collegio

A blue ink signature, likely of the proctor, written in a cursive style.

This document is inextricably bound up with the accompanying diploma.
Dit document is onlosmakelijk verbonden met het daarbij behorende getuigschrift.

DIPLOMA SUPPLEMENT

This Diploma Supplement model was developed by the European Commission, Council of Europe and UNESCO/CEPES. The purpose of the supplement is to provide sufficient independent data to improve the international 'transparency' and fair academic and professional recognition of qualifications (diplomas, degrees, certificates etc.). It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this diploma supplement is appended. It should be free from any value judgements, equivalence statements or suggestions about recognition. Information in all eight sections should be provided. Where information is not provided, an explanation should give the reason why.

1. Information identifying the holder of the qualification

- | | | |
|-----|----------------------------------|----------------------------------|
| 1.1 | Family name(s) | Ren |
| 1.2 | Given name(s) | Minrui |
| 1.3 | Date, place and country of birth | 16 October 1995
Baotou, China |
| 1.4 | Student ID number | 2415488 |

2. Information identifying the qualification

- | | | |
|-----|--|--|
| 2.1 | Name of qualification and title conferred | Master of Science in Biology |
| 2.2 | Main field(s) of study for the qualification | Master of Science in Biology
Specialisation: Not applicable |
| 2.3 | Name and status of awarding institution | Universiteit Leiden (Leiden University), public university, founded in 1575, state recognised. |
| 2.4 | Name and status of institution administering studies | Universiteit Leiden (Leiden University), public university, founded in 1575, state recognised. |
| 2.5 | Language(s) of instruction/examination | English |

3. Information on the level of the qualification

- 3.1 Level of qualification** Master's Degree - Research University
- 3.2 Official length of Programme** The programme takes two years of full-time study, comprising a total of 120 ECTS credits.
- 3.3 Access requirement(s)** A BSc degree in Biological Sciences from any university in the Netherlands. The prior education of anyone with a diploma other than the ones mentioned will be evaluated individually, which may involve entrance examination.

4. Information on the contents and results gained

- 4.1 Mode of study** Full-time
- 4.2 Programme requirements** The programme requirements are described in the Course and Examination Regulations of the master programme in Biology.
- 4.3 Programme details** The following index lists the components of the programme the student has attended, the number of ECTS credits attributed to each component, the student's final grade for the component, and the level of the component, per academic year.
See appendix for information on the Leiden University course level structure.

E = Exemption, F = Failed, G = Good, O = Outstanding, P = Passed,
S = Satisfactory

Components Year 1 and 2

Examination date	Components	ECTS credits	Grade	Level
30-08-2022	Portugal Conservation Field Course	4	8.5	
25-09-2020	Basic Statistics for MSc Students	3	6.5	400
25-09-2020	Orientation on Molecular Genetics and Biotechnology	2	P	400
22-12-2020	Genomic Architecture	6	6.5	400
26-04-2021	Bird Species in Animal Experimentation	2	6.0	400
01-07-2022	Science and the Public: Contemporary and Historical Perspectives	6	8.5	400
20-11-2020	Mechanisms of Disease	6	8.0	500
19-05-2021	Animal Cognition	6	7.5	500
17-12-2021	Advanced Statistics	4	7.5	500
01-08-2022	Top Lectures in Biology	3	8.5	500
02-08-2022	Book Exam	6	7.0	500
30-08-2022	Literature Review, Microbial Biotechnology, Institute of Biology Leiden: Metabolism in <i>Paracoccus denitrificans</i>	6	7.5	500
24-06-2022	Advanced Academic Skills Elite course	6	7.0	600
18-08-2022	Research Project 1: Research project title Establishing SIBR-Cas in Alphaproteobacteria and investigating the ethylene glycol (EG) oxidation pathway in <i>Paracoccus denitrificans</i>	60	8.0	600

4.4 Grading scheme/ grade distribution guidance

Grade distribution for the study programme Biology, calculated over the last 3 years:

	6	6.5	7	7.5	8	8.5	9	9.5	10
%	17,8	10,1	15,3	18,7	21,1	10,6	5,1	1,2	0,1
cumm.	100,0	82,2	72,1	56,9	38,2	17,0	6,4	1,3	0,1

See <http://www.universiteitleiden.nl/en/grading-table> for information about the ECTS Grading Table.

See appendix for information on the Leiden University course level structure.

4.5 Overall classification of the qualification

Where applicable, Leiden University only indicates the predicate Cum laude or Summa cum laude.

5. Information on the function of the qualification

- 5.1 *Access to further study* The MSc is eligible to a PhD programme.
- 5.2 *Professional status* Not applicable

6. Additional information

- 6.1 *Additional information* The programme was accredited on 31 August 2016 by the Nederlands-Vlaamse Accreditatieorganisatie / Accreditation Organisation of the Netherlands and Flanders.

Leiden University has over 29,500 students and 6,500 members of staff. The University is made up of seven faculties, that offer a large number of degree programmes at both bachelor's and master's level in the fields of medicine, law, science, arts, humanities, philosophy, theology, social and behavioural sciences and archaeology.

Leiden University is a member of the League of European Research Universities (LERU), a network of leading research-intensive universities that share the values of high-quality teaching within an environment of internationally competitive research.

7. Certification of the supplement

7.1 Date 30 August 2022

7.2 Signature

7.3 Capacity Board of Examiners

7.4 Official stamp or seal

8. Information on the Leiden University course level structure and the national higher education system

See appendix.
